SUMMARY

Results-oriented Computer Science student with First Class academic standing and strong skills in programming, web development, problem solving, and AI technologies. Passionate about building practical software solutions and applying technical knowledge in professional environments through internships and collaborative projects.

WORK EXPERIENCE

Academic & Personal Practice

- Solved multiple programming problems to improve algorithmic thinking.
- Practiced writing clean and efficient code.
- Developed web applications and personal software projects.
- Worked independently on technical tasks and continuous learning.

PROJECTS

- **Inventory Management System**

EDUCATION

Bachelor of Science in Computer Science Expected Oct 2028

Landmark University, Nigeria

CGPA: 4.77/5.0 (First Class Honours)

Relevant Coursework: Data Structures & Algorithms, OOP, Web Development, Computer Systems

ADDITIONAL INFORMATION

- Technical Skills: Python, HTML, CSS, JavaScript, Git, VS Code, AI Technologies
- Core Concepts: Data Structures, Object-Oriented Programming, Problem Solving
- Strengths: Analytical thinking, adaptability, communication, teamwork
